

**ARGENTINE'S PLACE
IN LEAGUE DOUBTED**

French Government Said to Have
Questioned Legality of
Its Membership.

BUENOS AIRES, Argentina, Nov. 29.—The newspapers publish a report that France questions the constitutionality of the adherence of Argentina to the League of Nations under the laws of Argentina, and the status of the Argentine delegates.

The French legation here refuses to discuss the report and the Argentine foreign office claims to have no knowledge of it. Foreign office officials said they doubted that such could be the attitude of the French Government.

The question of the legality of Argentina's adherence to the League was raised by anti-administration newspapers at the time President Irigoyen appointed its delegates. It being stated Argentina's adherence could not be legal until approved by Congress, to which the question never was submitted.

The appointment of the delegates was submitted to the Senate, which gave its approval with the provision that any obligations undertaken by men in Geneva would have to be submitted to Congress for its approval.

**HOLD-UP GUNMEN
BUSY IN BROOKLYN**

Grocer and Saloonkeeper Robbed
by Apparently Same
Auto Bandits.

The attention of Acting Police Commissioner Leach is directed to two hold-ups by gunmen in Brooklyn last night which Capt. Daniel J. Carey of the 15th Branch Detective Bureau today declares he believed were perpetrated by the same men.

While getting ginger pop which two men had ordered, Samuel Feldman, grocer at No. 102 Beale Street found himself covered by two revolvers. After

forcing him to give them \$50, the contents of the cash register, the attack-up men sprang into a automobile and disappeared.

A little later two men answering the same description stuck up the saloon

of John Stanley at No. 224 Devoe Street, cowed the bartender with guns when he asked a club, and threatening to kill Stanley if he made a noise, rifled the cash box of \$25. They sped away in an automobile.

**Pen portrait of an Argentine lady**

WARMTH of temperament—graciousness and grace—the proud traditions of aristocratic Spain.

Born to adorn and animate a distinguished circle—to entertain with ease and lavishment ambassadors, diplomats, litterateurs, celebrities of all the world—a connoisseur of beauty, and in her own relation to it—a high disdain of anything less choice than the choicest.

That she, in matters of costume supreme in elegance, in richness and refinement, should choose of all that the world offers her in silken underwear, the exquisite loveliness that is Kayser's, sets the seal of distinction on this house.

There are in the Argentine alone fifty-two important houses through which is distributed the Kayser "Italian" Silk Underwear which the gentlewomen of Argentina demand.
